# Holiday Greetings

From The Team At

## FAST TRAK PERMIT SERVICE

**It's been a busy year, but we wouldn't have it any other way**

As the year ends we would like to express how much we truly appreciate our loyal clients and our relationships. We are ALL doing our best to work through this together, and this year has been quite a ride for everyone in our industry! We want to express our deepest gratitude for those of you who have been on this journey with us and our Team. We look forward to continuing to find ways to work through and overcome permitting obstacles together in the new year!

*Thank you for supporting us.  
May you and yours enjoy peace, health and JOY in the New Year!*

Thank you, Laila.

### HOLIDAY HOURS

Please note our office will be closed in observance of the upcoming holidays:

Friday, Dec. 24th & Friday, Dec. 31st

### CODE CHANGES

Code changes coming to some jurisdictions: Some of our early due diligence for upcoming projects in 2022 has revealed that specific municipalities will be adopting the '22 codes effective January 1, 2022 on a case by case basis. Others will be waiting to adopt the new codes in July, 2022. According to some of the building officials I have spoken with, their opinion is the new codes are more reasonable in certain aspects than the current codes in effect.

- **The Pantry Tucson:**

(So deeply proud of my youngest daughter Cori celebrating her 4th year of serving her Tucson community by founding this small neighborhood pantry).

TreeSisters: I am profoundly proud to be a monthly contributor to this amazing women-led organization since 2016. They are the inspiration that led us to want to relocate to the rainforest of Deer Lodge, TN and start being guardians of 6 acres of an ecosystem that is supported by countless Hemlock trees that have not been harvested since the early 1800's, along a clear running creek. (That and wanting to leave a legacy for our grandchildren). I was also proud to found the first branch of the TS organization out here; called a "Grove" We are the "Deer Lodge TN Grove" and we are proud to have reached our fundraising objective to seed over 1,000 trees to help reforest the planet this year!
